PRINTING SOLUTIONS

### ...AND SO MUCH MORE!

With workhorse equipment that is built for power and speed, our equipment is the definition of peak performance.

**PRODUCTION CLIENTS ARE A DIFFERENT KIND OF ANIMAL.**

They require superior performance, brilliant color, scalable applications, and the never-let-you-down support of certified specialists. Our machines will exceed your expectations from the very first job.

With equipment that drives efficiency and productivity, our production print line is hand selected from award-winning manufacturers to ensure it meets and exceeds your organization's expectations and demands.

**COBB IS DEDICATED TO PROVIDING THOROUGH SERVICE AND SUPPORT.**
When you invest in a production printer from Cobb, you will receive the following resources and training courtesy of your very own Production Systems Analyst.

## THE ANALYST

Determines the equipment's level of performance based on its installation location.

Works with the client to ensure equipment is functional, usable, and provides quality work.

Enables and tests the functions required by the client.

Including workflow, automation, media calibration, image processing, variable data printing, and web-to-print.

## USABILITY TRAINING FOR EQUIPMENT APPLICATIONS AND FUNCTIONS LIKE

Fiery Driver Functionality

Prisma Driver Functionality

Creo Functionality

Media Compatibility and tray configuration

Key Operator Job training

Queue Management

Finishing Operations

Key Operator Calibration via Spectrophotometer

# POWER & SPEED

Our machines provide specific customizations for jobs of any size. With scalable paper trays that can hold up to 5,000 sheets of paper, you're ready to run small jobs and large, high-volume jobs with the click of a button. In addition, each tray is adjustable up to 13" by 19" to fit special sized media, empowering you with the tools your business needs for any high-volume print project.

## IN-LINE FINISHING CAPAILITIES TO INCLUDE

+ MULTI-FOLD

+ SADDLE STITCH

+ GBC PUNCH

+ BOOKLET MAKER

+ SQUARE FOLD

+ PERFECT BINDING

+ INSERT COVERS AND TABS

+ ...AND MORE

# SPECTACULAR COLOR

FROM SMALL RUNS, TO HIGH-VOLUME JOBS, EVERY PRINT WILL COME ALIVE WITH THE POWER OF FULL-COLOR PRINTING

## COLOR MANAGEMENT

+ High color management
+ Fiery color management tools
+ Creo color management tools
+ Color consistency and color correction
+ CMYK and RGB workflow and color spaces
+ CMYK and RGB profiles and rendering intents

+ Graphic designers to optimize fiery print quality
+ Using pantone and custom color libraries
+ Applying calibration sets to output profiles
+ Creating a media catalog for house stocks
+ Creating media defined output profiles for color consistency

## FINISHING OPTIONS

Include multi-fold, to square fold, saddle stitch, perfect binding, GBC punch, insert covers and tabs, and a booklet maker. Printing everyday B&W documents demands the power of a workhorse digital machine that's in it for the long-haul.

# AUTOMATION

**VARIABLE DATA SETS PRINTS APART, ENABLING YOU TO PRODUCE SIMPLE AND COMPLEX JOBS THAT INCORPORATE PERSONALIZED MESSAGING.**

## WORKFLOW

+ JOB MASTERY

+ ADVANCED DRIVERS

+ AUTOMATED WORKFLOW

+ MULTIPLATFORM OPERATION

+ TASK SPLITTING

+ CUSTOM INTERFACE

With variable data applications your machine can create customer mailers, letters, invoices and other documents, all to highly targeted specifications like location, age, and even gender. Variable data can create print jobs that use custom graphics and text, insert additional pages, all from programs like Print Shop Mail without having to stop the machine. When you think variable data, think smart printing that makes your data come alive.

# HIGH PERFORMANCE

## RELIABILITY

+ LOCAL DELIVERY AND SETUP

+ MANUFACTURER PARTS AND SERVICE

+ LOCAL OFFICES

+ ON-DEMAND SOFTWARE SERVICE AND SUPPORT

+ FACTORY-CERTIFIED FIELD TECHNICIANS

## ANALYST USABILITY TRAINING

TO ENSURE USERS UNDERSTAND HOW TO OPERATE THE NEW EQUIPMENT, THE PRODUCTION SYSTEMS ANALYST THOROUGHLY TRAINS INDIVIDUALS ON KEY APPLICATIONS AND FUNCTIONS LIKE:

KEY OPERATOR Fiery, Prisma, and Creo functionality for automating workflows. Job and Queue management to maximize run time. Job and Queue Management training to create print groups with similar characteristics for specific dates and times. Calibration using a Spectrophotometer to ensure the precise color consistency.

MEDIA COMPATIBILITY and tray configuration for regular and special print jobs like posters, envelopes, and booklets.

## CANON
## ImagePress C10010/9010

The ImagePRESS C10010VP Series prides itself on offering a range of distinctive and vital technologies that help drive productivity, versatility, and high image quality

Print speeds: Up to 100/90 ipm
Max monthly volume: 1.8 million
Paper capacity:
   Standard: Up to 2,000 sheets
   Maximum: Up to 11,000 sheets
Paper weights:
   Standard: 16 lb. Bond
      to 150 lb. Cover
   Resolution: 2,400 x 2,400 dpi

## CANON
## ImagePress C910/810/710

The ImagePRESS C910 series is a true, mid-volume production color digital press that incorporates advanced technologies that can help print establishments achieve amazing results – all in a small footprint.

Print speeds: 90/80/70 ppm
Max monthly volume: 500,000
Paper capacity:
   Standard: Up to 1,650 sheets
   Maximum:1 Up to 7.650 sheets
Paper weights:
   Standard: 14 lb bond
      to 110lb cover
   Optional: 14 lb bond
      to 130 lb cover
Resolution: 2,400 x 2,400 dpi

## CANON
## VarioPRINT 140 series

The VarioPRINT 140 Series of monochrome digital presses raises the bar on quality, dependability, and efficiency. Built on proven technology and market driven extensions, the VarioPRINT 140 delivers productivity, ease of use, and versatility.

Print speeds: 140/130/115 ppm
Max monthly volume: Up to 2.2 million
Paper capacity: Max 15000 sheets
Paper weights: 50-300 gsm
Resolution: 1200 x 1200 dpi

CANON
VarioPrint Titan 6000

Engineered to deliver maximum throughput, quality, consistency, and sustainability for a full range of high-end production environments.

Print speeds: Up to 320 ppm
Max monthly volume: 10 million
Paper capacity: Max 18000 sheets
Paper weights: 45-300 gsm
Resolution: 600 x 2400 dp

# DESIGNED FOR PRODUCTIVITY, RELIABILITY, AND QUALITY

# KONICA MINOLTA

## KONICA MINOLTA
## AccurioPress C14000/C12000

This new CMYK cut-sheet toner press is complete with advanced automation to maximize production and produce unparalleled quality and consistency print after print.

Print speeds: 140/120 ppm
Max monthly volume: 2.5 million
Paper capacity: Max 14,140 sheets
Paper weights: 52-450 gsm
Resolution: 3,600 x 2,400 dpi

## KONICA MINOLTA
## AccurioPress C7100/C7090

Recipient of the 2018 Production Pro Award for Outstanding Color Mid-Volume Production Print, the AccurioPress C7100 Digital Printing Color Press raises the bar in digital productivity with a blazing 100 ppm output speed in brilliant color.

Print speeds: 100/85 ppm
Max monthly volume: 1.8 million
Paper capacity: Max 13,890 sheets
Paper weights: 52-400 gsm
Resolution: 1,200 x 1,200 dpi

## KONICA MINOLTA
## AccurioPress C4080/C4070/C4065

Imagine having a single press printer that literally does everything: 2-sided banner printing, professional finishing, high productivity up to 80 ppm, real-time automated quality adjustments, excellent image quality and so much more.

Print speeds: 80/70/70 ppm
Max monthly volume: 864k
Paper capacity: Max 15,390 sheets
Paper weights: 62-350 gsm
Resolution: 1,200 x 1,200 dpi

experienced. proficient. smart.

### KONICA MINOLTA
### BizhubPress 2250p

The Bizhub PRESS 2250P for black and white digital printing combines blazing output speed, high-volume reliability and key digital advantages like real-time B&W image control and variable data capability.

Print speeds: 250 ppm
Max monthly volume: Up to 6 million
Paper capacity: Max 18000 sheets
Paper weights: 40 -350 gsm
Resolution: 1,200 x 1,200 dpi

### KONICA MINOLTA
### AccurioPress 6136/6120

The integrated systems have been enhanced to accommodate the varied needs of many printing business models as well as to keep businesses profitable and competitive with a suite of intelligence workflow to increase productivity, create superior image quality and induce greater greater media flexibility.

Print speeds: 136/120 ppm
Max monthly volume: Up to 3.2 million
Paper capacity: Max 18000 sheets
Paper weights: 40 -300 gsm
Resolution: 1200 x 1200 dpi

### KONICA MINOLTA
### Bizhub Pro 1100

The Bizhub PRO 1100 black and white digital printing press delivers real value to your print production environment: high-speed 100 ppm B&W output, high paper and toner capacity, standard built-in print controller and a compact footprint to save space on your production floor.

Print speeds: 100 ppm
Max monthly volume: 2 million
Paper capacity: Max 9000 sheets
Paper weights: 40 -350 gsm
Resolution: 1200 x 1200 dpi

# Kyocera TASKalfa Pro 15000c

Process Color Cut-Sheet Inkjet Production Print

**PROCESS COLOR CUT-SHEET INKJET PRESS**
The TASKalfa Pro 15000c is the first low cost process color, production, cut-sheet inkjet press without a click charge.

**LOW CAPITAL COST**
The TASKalfa Pro 15000c is the lowest cost production inkjet press in the mail manufacturing market. For less than $200,000, process color inkjet printing is now affordable to all mail manufacturers.

- Max monthly volume of up to 1 million
- Water-based pigment ink
- Fiery-driven workflow: 146 letter, 98 legal, 86 tabloid pages per minute

# LABEL PRINTERS

### KONICA MINOLTA PLS-475i
- 1st Label Press w/Memjet VersaPass DN technology
- Pre die-cut, kiss-cut and roll media supported
- 3.1" to 9.0" media width capability
- Industrial-grade chasis

### KONICA MINOLTA AccurioLabel 230
- Up to 40% Faster on Tack Paper
- Re-Registration Kit Expands AL 230 capabilities
- Continuous printing up to 1000m long
- Improved Overall Operational Effectiveness

## ENVELOPE PRINTERS

Print impressive white or clear toner, onto colored and clear media or substrates - with or without CMYK for totally stunning results!

- High capacity digital printer
- Modular system for extended feeding
- 38K high yield toners
- 5-color printing on-demand

## FLATBED CUTTERS

Save time and money. No need to purchase and wait for traditional cutting dies to be made. Intec's FB8000 cutters use advanced digital contour cutting technology to follow artwork lines drawn in Adobe® Illustrator® or CorelDRAW® enabling you to cut absolutely any shape on demand, with no setup costs.

## FOILING MACHINES

The upgraded Intec ColorFlare is a compact and environmentally-friendly dual laminator and filling device. Designed to offer an in-house decorative effects solution for short-run, on-demand digital applications, lamination for traditional litho output and the ability to laminate and foil-flare straight out of the box, this high-quality production unit will earn its keep.

## SLITTER, CUTTER, CREASERS

Slitter/Cutter/Creasers are our popular all-in-one digital finishing solutions designed to trim white borders and crease fold lines in documents to eliminate toner cracking in a single pass.
